

# Assembly Drawing – Football and Tee

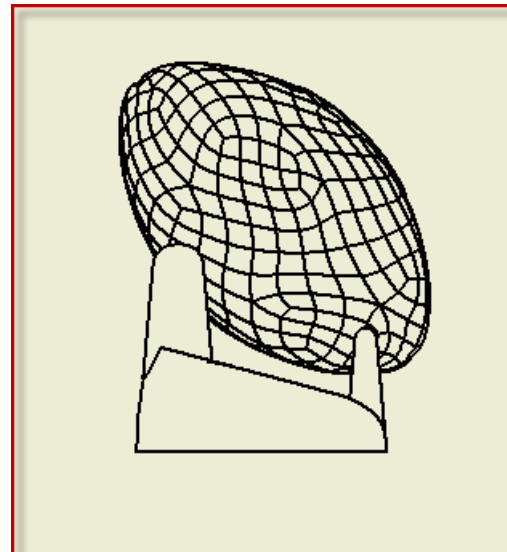

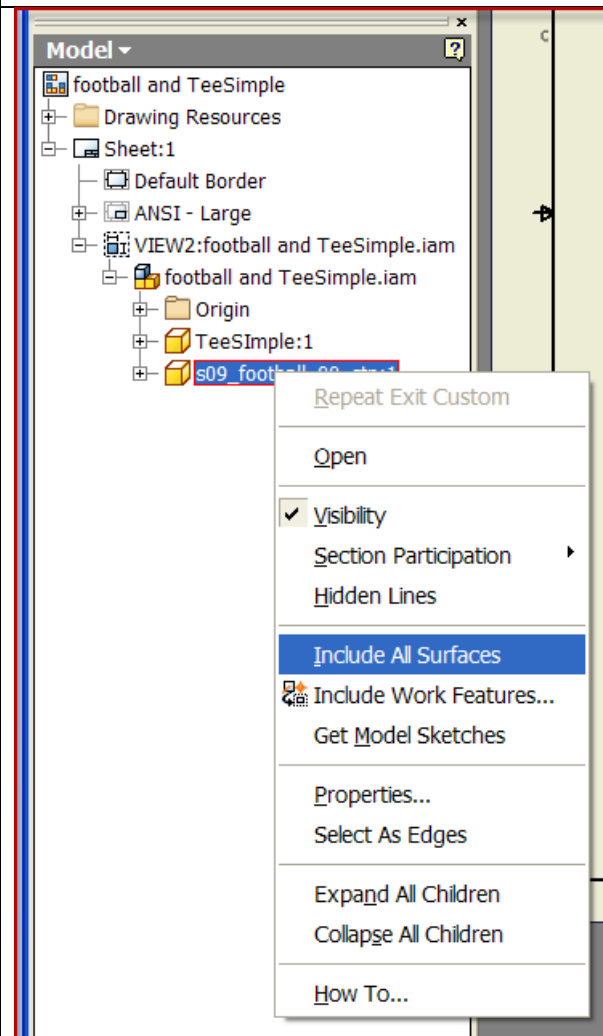

Jcs - 9/28/2012

## 1. Start a New drawing – Insert / orient the front view of the assembly

**Note: the football does not automatically appear**

2. Make the football visible (See below)
  - a. Select the football in the model tree
  - b. Click the right mouse button (displays the menu)
  - c. Select: Include all surfaces

3. Add other views. Include enough views to show the placement of the football on the tee
