

**CE104 CIVIL ENGINEERING PROJECTS
FALL 2008**

October 1, 2008

Homework Assignment # 5

Due October 8, 2008 by 5 pm
Submission by WebCT required

Write a report on today's presentation. Include in the report who was presenting, what the topic of the presentation was, what was interesting and/or informative about the talk, and how your views on the topic have either changed or been reinforced by the talk. What specific things were mentioned in today's talk that you would like to put into practice?
